efficiency preferred by the District Commissioners, in connection with the American Five and Ten Cent Store fire in Seventh street last December 24.

It was authentically learned last night that the name of Chief Wagner will figure prominently in the probe. While Sullivan's attorneys declined to divulge the proposed line of testimony in behalf of the accused deputy, it is stated that the chief argument will be that from the minute that Chief Engineer Wagner arrived on the scene of the fire, Sullivan was practically relieved of the responsibility of the men in danger, as he was sent by the fire chief to the top of the adjoining shoe store where he remained fighting the fiames for at least an hour.

Members of Trial Board.

The trial board is composed of Capt. Mark Brooks, Assistant Engineer Com-missioner, chairman; Charles F. Neebit, District Insurance Commissioner, and Joseph C. Sheehey, Chairman of the Excise Board.
Corporation Attorney Conrad Syme will
